Removal Announcement

We Broke Away From the Old Shell Last Week and Find Ourselves in a New World.

Hereafter we shall make our home in the Big Store in the Bolster Block, next door to Barre Savings Bank, having removed from the old Blue Store on Depot Square and closed up that stand, as the owners expect to erect a new block there in the near future.

We believe we made a good move—a good move also for our customers. We have about three times the floor space now, the lightest, the brightest and the handsomest store in town, with the costliest store fixtures to be had. It was a typical May awakening for us.

In our new move we have a new stock, a new display, and we are looking for new trade. We have all the accommodations for attending to our large list of regular customers, with new facilities for service to new trade.

Everything for men and boys ready to wear, from top to toe, at money-saving prices—or your money back. May we serve you in our new quarters?

THE ST. LOUIS CONVENTION.

Arrangements For Seating Delegates and Guests Completed.

St. Louis, May 14.—The seating capacity of the Coliseum for the Democratic national convention has been fixed at 10,840, which includes delegates, alternates, representatives of the press, invited guests, officials of the convention and the general public, who will be admitted by ticket.

The preliminary arrangements for the organization of the convention are in the hands of W. A. De Ford of Kansas, who has established headquarters at the Hotel Jefferson, representing the subcommittees of the national committee.

Provision will be made for 352 working newspaper men, who will be seated in correspondents' sections 1 and 2. Seats are provided for 350 additional newspaper men, who will occupy press sections 1 and 2. The arena floor will be so arranged that the delegates, in number 650, will be seated directly in front of the platform. Behind them will be the 950 alternates, and farther back will be two guest sections, in which will be accommodations for 600.

The more prominent guests and the party leaders will have seats on the platform, where there will be places for 434. The boxes will seat 429. The general tickets of admission will be for the balcony and gallery. In the balcony will be 4,490 seats, and in the gallery there will be places for 2,288.

Under arrangements as they stand at present each member of the national committee will have at his disposal one box and ten general admission tickets. Each delegate will have his own ticket of admission and three general tickets in addition. Each alternate will have one ticket. The seats for guests will be in the hands of the subcommittee on arrangements.

The length of the frontier line separating Canada from the United States is 3,000 geographical miles—1,400 being a water line of rivers, lakes and seas and 1,600 miles a land boundary.

No Glass Carriage Paint Made will wear as long as Devco's. No others are as heavy bodied, because Devco's weigh 3 to 5 ounces more to the pint. Sold by Reynolds & Son.

Throw Confetti Instead of Rice. The throwing of rice is no longer considered good form at fashionable weddings, according to the statement of a prominent society leader, says the Philadelphia Record. Paper confetti is now used instead of rice, and the bride and groom are pelted with handfuls of the colored bits of paper, that adhere in picturesque confusion to the hats and clothing and refuse to be brushed off like rice. This spring the stationers and even the toy dealers have sold large quantities of confetti for weddings. The custom of throwing rice at a bride is said to have originated in China centuries ago.
